Letters to a Reasoner

Frank Stevens

Feb 6. 1849

Sir

Thurs Oct 23 1778

Agreeable to promise given I call
upon Capt. Symonds and have paid him the Indian
Account which nothing would have induced me to
but the Condition of his giving a Partial Account
of my Refusal, By supplying Mr. Rogers
a few Shagbells at a Time and making allowance
of his time horse hire and expences in going
for it together with his Delaying to get a Sale
until it was scarcely to be had he has so conducted
the matter as to make a Bunch of Corn pay for
a Cow as they were sold at Vendue besides he did
certainly sell part of the Corn of the Rockingham
Estate which he doubtless had his own reasons for
doing — Capt. Symonds further asks pay for
getting some hay which he asked for keeping Mr.
Rogers Corn in 1778 Notwithstanding he knows
she did pay for getting part of the Hay the
year before which was sold at Vendue and this
not as he says from the price of Stock sold but
from Cash supplied him by me — he further
refuses to repay some Hay which he owns he
borrowed of this poor Woman pretending his
right to keep it for a Debt Col. Rogers owed him
Upon the whole I think it highly unreasonable
that he should make an estate by Oppressing
this poor Woman further and if it appears
to you in this light shall be much obliged
to you Sir for your Influence in this matter
Necessity must excuse this freedom from
Sir Your Most Obedt Servant
P. S. Capt. Aikin coming James Macgregor
in this moment says he
could have procured Mr. Rogers Corn at 24/100
the above year and that he actually did
for 21/100
